

## COMPETITIVE GOLF LEAGUES

### **BLUE BLOCK**

John Leader  
Ray Clipson  
Adrian Morris  
Bill Browne  
Peter Dennis

### **RED BLOCK**

John Copping  
Jim Britton  
Nigel Haslam  
Frank Hibberd

These leagues are competitive with one player from Blue relegated to Red and one from Red promoted to Blue at the end of the month.

Matches are best of three, thirteen hoop games to be played on half lawns but with both players agreement and subject to lawn availability can be played on full lawns. Matches are played level (i.e. no handicaps)

Matches played on full lawn can be used for handicap adjustment using CA Handicap cards.

Next month these leagues may be increased by new joiners from the Social Leagues or members with handicaps of four or below.

## SOCIAL GOLF LEAGUES

### **GREEN BLOCK**

Amanda Haslam  
Alison Smith  
Andrew Tarpey  
Martin Green

### **PINK BLOCK**

Pauline Dennis  
Geoff Eames  
Robin Moore  
David Green

### **BROWN BLOCK**

Tina Haslam  
Chris Sanders  
Allan Smith  
Glenys Tunstall

These leagues are also competitive but with no promotion or relegation.

Matches are best of three, 7 hoop games (first to score 4 hoops). At three each, deciding hoop will be Hoop 1. Matches are played level (i.e. no handicaps).

Matches to be played on half lawns but with both players agreement and subject to lawn availability matches can be played on full lawns.

The three leagues are intended to be of similar standard and at the end of the month, those continuing in the leagues and hopefully some new members will be rearranged to provide another set of leagues of similar standard giving the opportunity to play different players.

The top two players in each league will be invited to join the competitive leagues but may opt to remain in these social leagues.

## **SCORING**

Both leagues will score three points for a win, one for a loss. No play, no points.

If level on points, position will be decided on "Who beat who", then net games.

**ALL GAMES TO BE PLAYED BY CLOSE OF PLAY 28<sup>TH</sup> MAY**
